

Japanese after school club

C10 on Mondays and Wednesdays after school 3:30pm - 5pm

I have been given permission from Mr Foley to run this opportunity for our students under the condition of the social distancing, hand sanitizing and wearing masks to attend this after school session.

It is normally drop in session, but under the current circumstances of the corona virus, if some of our students are interested to join, I would like to ask them to either come to see me in MFL staff room or send me an email in advance, so that I know how many students we will be expected to see, so as to measure the social distancing and safe environment for everyone.

The club is also open to all members of staff, if anyone wishes to start the learning of Japanese language and some greetings.

I am currently working with a few Japanese organisations/schools and hoping to get the exchange start in due course.

Thank you for your continuous support for Japanese.

Mrs Leedham
MFL Department
