

Year 8 Art

Fantastic creatures

Your Art Task:

- Creating mythical creatures
- Mythical creatures are often made up of animal combinations.
- Now it is your turn to create a mythical creature of Thomas Hardy School
- Combine 2 or more animals to create your own unique creature.
- You can work in any media you have at home, such as pencil, pencil crayons, fine liner pens, collage or paint.
- You can work on any scale but I would recommend no smaller than A4.
- You need to focus on the detail. Surface textures such as scales are camouflage, patterns textures as well as the shape of the creature you have created from your combination
